Account Registration

Customers interested in using the **Xops 360 Platform** can request for a new account by following these steps:

- **Visit our website:** [Xops 360 Platform Free Trial Registration](#).
- **Click on** Sign Up to get an account request form.

A screenshot of a login form for XOPS 360. The form is titled "Welcome back" and includes a message: "To keep connected with us please login with your email and password". It features an "Email" input field with the placeholder "m@example.com", a "Password" input field with a toggle icon, and a "Forgot your password?" link. A blue "Login" button is positioned below the password field. At the bottom, there is a link for "Don't have an account? Sign up" and a footer that reads "Powered by AxiomIO". The entire form is enclosed in a blue border.

- **Complete the account request form** with the required details.
- **Submit the form** and **Users will receive an email** containing information to set up their password and complete the account setup process..

Powered By AxiomIO

Alternatively, you can request for an account by contacting us directly at sales@axiomio.com. Our team will assist with the setup and custom subscription plan to receive an email with information to set your password and finalize the account activation.

For any assistance during the registration process, please contact our support team at sales@axiomio.com or call us at **+1 510-254-3342**.

Subscription Plans

Xops 360 Platform offers flexible subscription plans tailored to meet various security and operational needs.

Trial Subscription

Complimentary plan with limited access to core features for evaluation, including **1** scan per category.

1. Cloud FinOps:

- AWS Cost Analyzer
- Azure Cost Analyzer
- AWS RI Saving
- AWS Costmap

2. Cloud Security:

- AWS CIS Scan
- Azure CIS Scan

3. Cyber Security:

- OSINT Analysis
- Network vulnerability Discovery

Basic Subscription

Foundational tier offering essential functionalities and baseline capabilities with **3** scans per category.

1. Cloud Operations:

- AWS Unutilized Resources
- AWS Assets
- Azure Assets

2. Cyber Security:

- DAST Basic
- Web Directory Enumeration

3. Cloud Security:

- AWS PCI DSS Compliance
- Azure ISO 27001 Compliance
- Microsoft 365 Security

Advanced Subscription

A premium tier offering enhanced capabilities and support for larger-scale operations with **5** scans per category.

1. Cloud Operations:

- AWS Resource Optimizer
- AWS Automation
- Azure Automation

2. Cyber Security:

- DAST Advanced

3. Cloud Security:

- AWS GDPR Compliance
- AWS SOC2
- Azure SOC2
- Microsoft Entra ID

4. Workload Security:

- AWS AMI Security
- AWS ECR Security
- Azure ACR Security

5. Kubernetes Automation

- EKS

6. AI Assistant

- AI FinOps
- AI Cyber Security

Note:

- **AWS Automation** and **Azure Automation** are **not** scanning services. Instead, we provide **Terraform modules** with defined **inputs and outputs** to facilitate infrastructure

automation. Additionally, users have the option to **download the respective files** for deployment and customization.

Custom Plan

For organizations with unique security and operational requirements, we offer a **Custom Plan** tailored to specific needs.

To discuss a custom plan, please contact: [**sales@axiomio.com**](mailto:sales@axiomio.com)
