

Accessing and Managing Report History

Reviewing Historical Reports

- **Log in to the Platform**

- Access the platform and sign in using your credentials.

- **Navigate to the Reports Section**

- Locate the **Reports** option in the side navigation bar.
- Click on it to access the report management dashboard.
- This page provides a list of all previously generated reports.

- **Search and Filter Reports**

Apply filters such as:

- **Date Range** - View reports generated within a specific time frame.
- **Status** - Identify In Progress, Pending, Completed or Error reports.
- **Scan Type** - Filter by specific Scan

- **View Report**

- Locate the desired report from the list.
- Click on the **View Report** link to open it.

- **View Error Message** - Click the **"View Error"** button under the **Actions** column to access detailed error information.

The screenshot displays the AWS Ops360 Reports dashboard. The left sidebar contains navigation options: Home, Agentic AI, FinOps, SecOps, CloudOps, Issues Board, and Reports (highlighted). The main content area shows a list of reports with the following columns: Id, Scan Type, Status, Created At, and Actions. The filters are set to Scan Type: Select scan types, Status: Error, From: mm/dd/yyyy, and To: mm/dd/yyyy. The table lists 10 reports, with 7 completed and 3 in error status. The bottom of the page shows pagination: 121 to 128 of 404, Page 16 of 51.

Id	Scan Type	Status	Created At	Actions
697b049115bbe317b22445e	AWS Security SOC2	Completed	01-29-2026 (06:56:17 UTC)	View report
697b043515bbe317b22445c	AWS Security SOC2	Error	01-29-2026 (06:54:45 UTC)	View Error
